DECLARATION OF ORIGINALITY, AUTHENTICITY, AND EDITORIAL RESPONSIBILITY

Oxford Numerology Press™

I, the undersigned, _____, acting as author/co-author of the manuscript entitled:

_____

hereby declare, under my sole responsibility, freely, expressly, and unequivocally, as follows:

1. Originality of the Work

I declare that the manuscript submitted to Oxford Numerology Press™ is an original work created through my own authentic intellectual contribution.

I confirm that the work:

- does not constitute plagiarism, whether in whole or in part;
- does not reproduce, without authorization, any texts, ideas, structures, images, graphics, tables, or other materials owned by or attributable to third parties;
- complies with applicable academic, editorial, and ethical standards concerning citation and the use of sources;
- includes appropriate references and attributions wherever external sources have been used.

2. Prior Publication and Exclusivity

I declare that the manuscript:

- has not previously been published in full in the same form;
- is not subject to an exclusive publishing contract with another publishing house;
- is not, at the time of submission, under simultaneous editorial review by any other editorial institution, except where such circumstance has been disclosed in writing to Oxford Numerology Press™.

Where preliminary versions, published excerpts, or prior adaptations exist, such materials have been expressly disclosed to the publisher.

3. Copyright and Materials Used

I declare that I hold, or have lawfully obtained, all rights necessary for the inclusion and publication of all materials contained in the manuscript, including, without limitation:

- texts;

- images;
- photographs;
- illustrations;
- diagrams;
- tables;
- graphic elements;
- extended quotations;
- multimedia materials.

Where materials owned by or attributable to third parties are used, I confirm that:

- I have obtained all permissions required for their use and publication;
  or
- their use is permitted under applicable law.

I assume full legal responsibility for any infringement of copyright, neighboring rights, or related rights.

4. Use of Artificial Intelligence (AI) Tools

I declare that any use of generative artificial intelligence (AI) tools, including, without limitation, language models, image generation systems, automated drafting, translation, proofreading, or analysis tools, has been conducted under direct, responsible, and informed human supervision.

I confirm that:

- I assume full responsibility for the final content submitted for editorial consideration;
- I have reviewed and verified the accuracy, coherence, authenticity, and legality of the material;
- the use of AI tools does not release the author from intellectual, ethical, or legal responsibility for the work;
- the manuscript complies with the editorial and ethical standards of Oxford Numerology Press™.

At the publisher’s request, the author may be required to provide additional information regarding the use of AI tools during the preparation of the manuscript.

5. Consent to Editorial and Anti-Plagiarism Review

I hereby expressly consent to the submitted manuscript being subject to:

- editorial evaluation;
- originality checks;
- anti-plagiarism analyses;

- any technical and academic checks deemed necessary by Oxford Numerology Press™.

I understand and accept that the identification of serious breaches of editorial ethics may result in:

- rejection of the manuscript;
- suspension of the editorial process;
- withdrawal of the publication;
- termination of the editorial collaboration;
- any other measures deemed necessary in accordance with the publisher's policies and applicable law.

6. Legal Responsibility

I declare that all information provided herein is true, accurate, and complete, and I assume full legal, civil, and moral responsibility for the content of the manuscript.

Oxford Numerology Press™ shall not be held liable for any disputes, claims, damages, or proceedings arising from:

- copyright infringement;
- false statements;
- unauthorized use of materials;
- any violation of applicable law by the author.

7. Acceptance of Editorial Policies

By signing this declaration, I acknowledge and confirm that:

- I have read and understood the editorial policies of Oxford Numerology Press™;
- I accept the evaluation and publication procedures;
- I undertake to comply with the publisher's academic and editorial ethics standards.
